

**TOTO joins the RE100,  
an international initiative committed to using 100% renewable energy  
for its electricity to achieve a carbon-free society  
Aiming to achieve 100% by 2040**

TOTO (Headquarters: Kitakyushu-city, Fukuoka; President: Noriaki Kiyota) **has agreed to be a part of RE100 international initiative to ensure that renewable energy is 100% of electricity used in business activities.** The goal of the TOTO Group is make 100% of the power consumed by TOTO Group companies across the world renewable energy by 2040.

“RE100”, which stands for Renewable Energy 100%, is an international environmental initiative led by “The Climate Group”, an international environmental NGO, in partnership with the CDP, an NGO promoting the disclosure of climate-change related information. RE100 was established in 2014. Joining forces, they send a powerful signal to markets and governments aiming for the acceleration of the shift to renewable energy. More than 290 businesses across the world have joined RE100, including fifty-one Japanese member companies (as of March 2021).

**TOTO Group is striving to integrate management and CSR. Its priorities are cleanliness and comfort, the environment, and relationships.**

Regarding the environment, TOTO undertakes initiatives to mitigate global warming and strives to reduce CO2 emissions, while moving toward a carbon-free society, from a long-term perspective. Expanding the introduction of renewable energy use is imperative for reducing CO2 emissions. **TOTO Group will increase the procurement of renewable energy at each of its sites around the world, according to regional characteristics, and install solar power generation facilities at plants, aiming to ensure that 100% of the power used in business activities is renewable energy by 2040.**

To continue to be a corporate group that is needed and trusted by customers and society worldwide, TOTO Group will take steps to achieve the TOTO Global Environmental Vision to integrate management and CSR. The Group will also contribute to the achievement of the UN Sustainable Development Goals (SDGs).
